The Hearts of Men Foundation

P.O. Box 458

Pine Lake, GA 30072

Dear Friend of THOMF,

Thank you in advance for your support of *The Hearts of Men Foundation (THOMF)*. *We'd like to request your partnership and investment in making a difference in each child's life as we open up doors of opportunities for them that would otherwise remain shut.* I founded The Hearts of Men Foundation, a nonprofit organization focused on advancing the lives of undeserved teenagers in the field of education, health and human services, athletics and the arts, in 1999 when I realized that there was a desperate need for young people to engage in productive activities after school.

We offer educational assistance to families of youth in the values and practices of philanthropy, community service, and stewardship, as we seek to build a sense of community in neighborhoods where they live. Through its services, THOMF forges links between the worlds of the underprivileged and the world of productive citizens making valuable contributions to society. We are proud to be able to touch the lives of many individuals in need. In order to continue to touch lives, we need your continual financial support.

We are asking you to open your hearts to The Hearts of Men Foundation and become a part of the family by supporting our work. Your generous gift today will help us prepare teens to become active community leaders. Please take the time to review the attached *Contribution Form* and return it to The Hearts of Men Foundation. We look forward to your contribution and investment in The Hearts of Men Foundation.

Sincerely,

Travis Hunter

CEO and Founder

The Hearts of Men Foundation

"The Hearts of Men Foundation is needed in order to build a sense of community." - *Travis Hunter, Founder*
